Feel The Difference Mesh Can Make

At Alesis Drums we know perfect feel and natural-response is a must have for an immersive, expressive drumming experience. Introducing the Alesis Nitro Mesh Kit, the latest addition to our critically acclaimed all-mesh kit roster that delivers the most realistic playing experience modern drummers demand. Mesh heads are the undisputed preference of modern drummers seeking electronic kits, providing an uncompromising natural feel and ultra-quiet response. The Alesis Nitro Mesh features an 8" dual-zone mesh snare drum and (3) 8" mesh toms, alongside everything else you need to make a complete drum kit; (3) 10" cymbals, custom-designed Alesis hi-hat pedal and kick pedal, and a durable 4-post aluminium rack. At the heart of the Nitro Mesh Kit is the powerful Nitro Drum Module loaded with hundreds of in-demand percussion sounds, 40 different kits and 60 built-in play-along tracks – whatever sound you need, we guarantee this module delivers! Don't settle for second best, discover the new standard in electronic drums with Alesis Drums.

Everything You Need

Right out-the-box, the Alesis Drums Nitro Mesh Kit doesn't disappoint and guarantees to get you playing drums from the get-go. All the cabling, a power supply, and a drum key are included for easy, hassle-free setup; we even include a pair of drum sticks!

Sound Matters

It's not just about the feel, Alesis Drum's Nitro Mesh Kit features a core sound-set ready for any genre you throw at it. The backlit LCD screen makes navigation a breeze. Drum and cymbal buttons are arranged to resemble the layout of a traditional kit, taking the nuisance hassle out of assigning sounds and creating kits, letting you focus on what's important, your drumming! Out-the-box, the Nitro module comes complete with 40 classic and modern ready-to-play kits. Seeking something a little

more personal? Easily tweak any existing kit, or create your own using the 385 meticulously curated drum, cymbal, and percussion sounds included in the Nitro Drum Module.

Sharpen Your Skills

Nail that all-important drum fill and lock down the perfect groove with the Nitro Mesh Kit's powerful practice-centric features. With 60 play-along music tracks and an on-board metronome, Nitro Mesh Kit guarantees to improve your skills with all the essential tools modern drummers demand. But there's more! There is even an advanced sequencer and a performance recorder to expand your music-making potential, providing the ultimate platform for refining techniques based on critical listening.

Expanded Control

Take command of your studio, capture your creativity and discover a world of virtual instruments! With Nitro Mesh's USB-MIDI and MIDI In/Out ports, transmit MIDI information directly to a computer and unite your synthesiser, drum machines and more for expanded performance potential. There is a headphone jack for private practice, plus stereo outs to connect to a PA system, amplifier or recording console. The stereo aux input enables you to jam along to your favourite tracks on your CD or MP3 player. Whatever your needs, the Nitro Mesh Kit has you covered.

Connectivity Covered

Pump up the volume or practice in silence – whatever your preference, the Nitro Mesh Kit doesn't disappoint. With a 1/8-inch headphone input, stereo 1/4-inch TRS inputs and a 1/8-inch aux input, hassle-free rehearsals, practice and recording sessions couldn't be simpler!

- Mac: OS X 10.9 or later
- Available USB port

Target Demographics

The primary target demographic for the Nitro Mesh Kit is amateur to mid-level drummers seeking a complete and fully-featured 8-piece electronic drum kit. With a robust construction, the Nitro Mesh Kit features three dynamic all-mesh 8" tom pads, an 8" dual-zone snare drum for great feel and natural response, plus a kick drum pad with pedal. Three 10" cymbals, including a crash with choke, give users a virtually unlimited range of playing expression and the 4-post aluminium mounting rack keeps everything solid and secure whilst providing the ultimate means for compact storage. Additionally, the Nitro Mesh Kit includes the Nitro Module which features 40 kits (24 preset kits + 16 user kits) with up to 385 sounds built-in. With a space-saving footprint, easy-to-use drum-module, kit-customization options and all accessories included, the Alesis Nitro Mesh Kit provides a perfect platform for both practice and teaching usage scenarios alike.
